

## Field Shower / Decontamination Cabin

The field shower was developed based on many years of field experience from international crisis operations. The shower can be set up in less than a minute and includes all the necessary instruments for use: Shower head, mixer tap and hoses. The robust design of the Field Shower ensures that it can be used for many years in a wide variety of operational applications. The DEKON extension turns the shower into a decontamination cabin with a "black" entrance and "white" exit. The DEKON+ extension adds a viewing window and push-through gloves to the DEKON for assisted decontamination.

<b>Dimensions [L x W x H]</b>	121 cm x 101 cm x 63 cm [238 cm open]
<b>Weight</b>	65 kg
<b>Format</b>	<ul style="list-style-type: none"><li>• EPAL2</li><li>• Compatible with IBC BigBoxes (e.g. from Auer)</li></ul>
<b>Connection</b>	<ul style="list-style-type: none"><li>• Hot and cold: 1" Camlock for 25 mm hose</li><li>• Adapter to GEKA or Storz-C coupling included in delivery</li></ul>
<b>Drain</b>	<ul style="list-style-type: none"><li>• 1" Camlock for 25 mm hose</li><li>• Adapter to GEKA or Storz-C coupling included in delivery</li></ul>
<b>Panelling</b>	<ul style="list-style-type: none"><li>• Absolutely opaque and B1 flame-retardant</li><li>• Magnetic "vacant" and "occupied" signs</li><li>• Magnetic fasteners and lockable</li></ul>
<b>Optional</b>	<ul style="list-style-type: none"><li>• LED light with red light function against insects</li><li>• Waste water pump</li><li>• Water filter</li><li>• Gas instantaneous water heater</li></ul>
